#### **Small Group Questions:**

Thinking about this week's teaching, was there a particular point, verse or comment that caught your attention, challenged you, or raised a question?

What is your past experience with the use of spiritual gifts in the church and in what ways does your experience shape how you think about spiritual gifts today?

Why should you not equate having spiritual gifts with being holy? Are there examples in Scripture of people having gifts and not holiness? Explain.

If speaking in tongues is defined as a gift of speaking in a foreign earthly language and not an angelic heavenly language, how does that change your thoughts or experiences on the use of tongues?

Paul brings correction on how to speak in tongues in public worship services, only two or three people, one at a time, an interpreter has to interpret, or don't speak in tongues. Have you seen this done in a worship service and what was its impact?
