Small Group Questions:

Thinking about this week's teaching, was there a particular point, verse or comment that caught your attention, challenged you, or raised a question?

What does it mean that healthy organisms reproduce themselves? How does that relate to our lives as followers of Jesus?

What does replication of your faith look like in your life? How do you feel challenged to grow in that?

What does the analogy of a soldier change about your view of your walk with Jesus?

What "civilian pursuits" are your biggest distraction right now? Why do you think that is?

How can your group encourage one another to be more about the mission, both separately and collectively? Talk about goals for your group that could help you keep each other accountable to evangelism.
