Small Group Questions:

Thinking about this week's teaching, was there a particular point, verse or comment that caught your attention, challenged you, or raised a question?

The gospel is good news. What happens to news that has been distorted? Why is it important for us then to keep preaching the authentic gospel to one another in our groups?

Why is it that someone who holds to and preaches a false gospel would end up being eternally cursed for that?

What are some ways that you see false gospels playing out in our society, both in Teller County and in Western culture?

How have you gone further up and further into the authentic gospel this past week? What are ways that you can preach the true gospel to yourself this coming week?
